# Certificate or Audit?

Learners who are taking this course and are eligible to receive a certificate of completion will be able to receive a final grade for the course. These learners should take the **Quiz** at the end of each Week.

Learners who are auditing this course and are not eligible to receive a certificate should take the **Practice Quiz** at the end of each Week with (audit) in the title. Learners will be able to submit these quizzes to see their score, but will not receive a grade for their work.

Learners should see both versions of every Week # Assessment in the course content. If they are auditing the course, they should always take the **Practice Quiz**. If they are eligible for a certificate of completion, they should always take the **Quiz**.

For example, here is a screen shot from Week One:

## Quiz

**Practice Quiz:** Week One Assessment (audit) 10 questions

**Quiz:** Week One Assessment 10 questions

Due Jan 24, 3:59 PM HKT

✓ **Completed**
