Density-based Clustering Case Study

Let's play with a case study to gain more experience!

In this case study, you will be given a dataset to play with the knowledge you just gained. You can simply try the basic methods, you can also try exhaustive methods that even beyond our teaching. You can create a new Google Colaboratory file, and upload the dataset into its file folder.

You do NOT need to submit your work. Just enjoy your exploration!

C8-Case-Data-Credit Card Dataset for Clustering.csv
