

The abstract sample space Ω

- ❖ A *gedanken* chance experiment: a conceptual or thought experiment which can at least be conceived.
 - 🏆 *Sample points*: these are the idealised outcomes of the experiment.
 - 🏆 The *sample space*: the abstract set comprised of the collection of all possible sample points.

The abstract sample space Ω

- ❖ A *gedanken* chance experiment: a conceptual or thought experiment which can at least be conceived.

- 🏠 *Sample points*: these are the idealised outcomes of the experiment.

- 🏠 The *sample space*: the abstract set comprised of the collection of all possible sample points.

Notation:

- A generic sample point is represented by the lower-case Greek letter ω (pronounced ō'māgə).
- The sample space is denoted by the corresponding upper-case Greek letter Ω .
