

Survey of Health, Ageing and Retirement in Europe (SHARE) – Purposes

Encompassing cross-national variation in public policy, culture and history across a variety of European countries since 2004

Providing full picture of ageing process

Funded by European Commission, U.S. National Institute on Aging, and national sources

Data collected includes health variables, biomarkers, psychological variables, economic variables, and social support variables

Harmonized with sister studies

U.S. Health and Retirement Study (HRS)

English Longitudinal Study of Ageing (ELSA)

SHARE – Key Design Features

Target population:

People aged 50 and older

20 European countries (Wave 5)

Different forms of probability sampling

Sample frames chosen in accordance with best available frame resources in country Most countries use registers of individuals that permit stratification by age

Approximately 110,000 individuals

Panel study

Wave 1: 2004/2005, Wave 2: 2006/2007, Wave 3: 2008/2009, Wave 4: 2011, Wave 5: 2013

Interviewer-administered

Computer-assisted personal interviewing (CAPI)

Including physical tests and collection of biomarkers

SHARE – Questionnaire

```
| EX001_Introtat | Now, I have questions about how likely you think various events might be. When I ask a question I'd like for you to give me a number from 0 to 100.

Let's try an example together and star with the weather. Looking at card [SHOWCARD_ID], what do you think the chances are that it will be surnly tomorrow? For example, 90 would mean a 90 per cent chance of surnly weather. You can say any number from 0 to 100.

IF Sec_EP_EPOOS_CurrentIobSit = a2

EX007_GovRedPens

[Please look at card [SHOWCARD_ID].]

What are the chances that before you retire the government will reduce the pension which you are entitled to?
0..100

IF MN808_AgeRespondent < 61

EX025_ChWrkA65

[Please look at card [SHOWCARD_ID].] Thinking about your work generally and not just your present job, what are the chances that you will be working full-time after you reach age 63?
0..100

EX016_GovRaitAge

[Please look at card [SHOWCARD_ID].]

What are the chances that before you retire the government will raise your retirement age?
0..100

EX016_GovRaitAge

[Please look at card [SHOWCARD_ID].]

What are the chances that before you retire the government will raise your retirement age?
0..100

EX016_LivTenVrs

[Please look at card [SHOWCARD_ID].]

What are the chances that you will live to be age [75:80/85/90/95/100/105/110/120] or more?
0..100

EX016_LivTenVrs

[Please look at card [SHOWCARD_ID].]

What are the chances that you will live to be age [75:80/85/90/95/100/105/110/120] or more?
0..100

EX016_LivTenVrs

[Please look at card [SHOWCARD_ID].]

What are the chances that you will live to be age [75:80/85/90/95/100/105/110/120] or more?
0..100

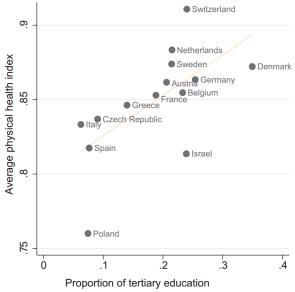

EX016_LivTenVrs

[Please look at card [SHOWCARD_ID].]

What are the chances that you will live to be age [75:80/85/90/95/100/105/110/120] or more?
0..100

SHARE – Design Issues

Weighting results based on different sampling procedures in countries

Direct linkage of survey data with administrative records of the German Pension Fund

Reducing the effect of declining response rates through respondent incentives and interviewer training
