Compute Determinant Using the Laplace Expansion

Compute the determinant of

$$A = \begin{pmatrix} -6 & -3 & -2 & -4 & -0 \\ -9 & -0 & -4 & -1 & -0 \\ -8 & -5 & -6 & -7 & -2 \\ -2 & -0 & -0 & -0 & -0 \\ -4 & -0 & -3 & -2 & -0 \end{pmatrix}.$$
