Dashboard Layouts

The official documentation for flexdashboard has a great explainer on layout options. Some of this is covered in the lecture, and that will be enough to get you started. However, for a deeper explanation, reviewing the reference materials is necessary.

https://rmarkdown.rstudio.com/flexdashboard/layouts.html

Make sure that you understand these concepts:

(1) Fill vs. scroll vertical layout

(2) Tabsets

(3) Multiple pages

(4) Input sidebar layout
