Table d'hôte: the topics of the course

Table d'hôte: the topics of the course

I.   Towards an axiomatic theory of chance.

II. From side information to conditional
     probabilities.

III. Independence—the warp and the woof in
     the fabric of chance.

IV. From polls to bombs and queues—enter
     the binomial and the Poisson.

V.   The fabulous limit laws—the bell curve
     pirouettes into the picture.
